PROFESSIONAL SUMMARY

Computer Science Engineering student with a strong interest in Full-Stack Development and hands-on experience building web applications using React.js, Node.js, Express.js, and MongoDB. Completed a Full Stack Developer Internship where I developed scalable web solutions and collaborated in a professional development environment. Passionate about learning modern technologies, solving real-world problems, and building impactful software applications. Currently seeking Full Stack Developer, Frontend Developer, Backend Developer, or Software Development roles.

TECHNICAL SKILLS

Programming &

Development: HTML5, CSS3, JavaScript, Node.js, React.js, Express.js, MongoDB

Tools & Platforms: Git & GitHub, VS Code, Postman, MongoDB Compass

Core Concepts: REST APIs, Full-Stack Development, Database Management, Responsive Web Design

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern

June 2025 – July 2025

Allsoft (IBM Partner) | Delhi, India

- Developed a Student Management System using Node.js, Express.js, and MongoDB.
- Designed and implemented backend APIs for handling student records, attendance, and task management.
- Collaborated with team members to improve application functionality and user experience.
- Participated in debugging, testing, and deployment activities to ensure application reliability.
- Gained practical experience in full-stack web development and software development workflows.

PROJECTS

Student Management System

React.js, Node.js, Express.js, MongoDB

- Developed a web-based application to streamline communication and academic activities between teachers and students.
- Implemented separate dashboards for teachers and students with role-based access control.
- Enabled teachers to manage attendance, assignments, and student records efficiently.
- Allowed students to view assignments, attendance reports, and academic information through an intuitive interface.

EDUCATION

Bachelor of Technology (Computer Science Engineering)
